

Quinton Coetzee – Top International Speaker

Audiences in 36 countries have sat mesmerised as Quinton Coetzee fills the room with his charisma and energy. His message is powerful; his persona is dynamic, bold and animated; his revelations are astounding as he skilfully demonstrates how Mother Nature herself is the author of the most definitive guide to business success that one can find anywhere in the world today.

Using spectacular visuals of the African bush, Quinton's unforgettable analogies vividly drive home the necessity to get **back to basics**. He *proves* that enhanced performance and greater success, both in business and also within our complex, personal lives, can only be achieved once the **basics** are firmly in place.

Quinton cuts to the chase as he hammers home the critical importance of teamwork; delivery; focus; complacency; Adapt or Die; and so much more.

He inspires and empowers individuals in any team or organisation to excel; to constantly aspire *"...to do things BETTER – every day!"*

No text-book-quotations, no acronyms, no bullet-points, no 'rah-rah' – just the down-to-earth, raw, real and relevant truths about improved performance – personal... and in business. And *everyone* connects (totally!) to the tangible tools that Quinton provides in order to achieve this.

This is one of those experiences where people will make decisions about who they are and the way they do things... *there and then!* That's why they keep coming back for more!

This highly energetic, powerful presentation not only inspires and motivates, it enthalls, moves and punches home the reality of **constant improvement in the business world** - a unique experience that is hard-hitting, yet humorous... and its straight-forwardness is invigorating. It will be talked about, recounted and remembered. Little wonder audiences around the world love it!
