## TECH RIDER

### TECHNICAL RIDER (ADDENDUM A)

Attention: Organiser

Should the organiser or supplier not meet any of the requirements of this technical rider, the band has the right not to perform. It is thus important that the organiser carefully goes through all the requirements of this rider before signing it off.

If certain components cannot be sourced, please contact the band so alternatives can be found.

The band will present the signed rider at the event to establish if the requirements have been met and to demonstrate what was agreed upon.

Attention: suppliers & sound engineer

If not arranged otherwise, the band will make use of the supplied sound engineer. The band does not have a full time sound engineer and it is the responsibility of the supplier to appoint a competent engineer.
